FEDERAL AID RECIPIENT CANCELLATION AND WITHDRAWAL POLICY

Return of Federal Student Aid

The Higher Education Amendments of 1998 establish the principle of “earned aid/uneared aid” for administration of federal student aid. A student “earns” federal aid in proportion to the percentage of the term completed. Unless a student completes at least 60 percent of a term, SMU and/or the student may be required to return “uneared” aid. For example, a student who completes 30 percent of the term has “earned” 30 percent of the federal aid; however, SMU and/or the student may have to return the “uneared” 70 percent of aid. (After the 60 percent point has passed, the student is credited with earning 100 percent.)

A student who receives a refund to help in paying noninstitutional charges (books, transportation, living or personal expenses) may be required to return some of the refund. Loans are repaid according to the terms of the promissory note(s), but a portion of grant funds must be repaid immediately. SMU must report to the U.S. Department of Education a student who owes a repayment. Generally, the student is ineligible for federal aid until repayment is made.

16th through 20th day of term	10%
After 20th day of term	-0-

Attribution of Refunds

1. For a financial aid recipient whose SMU charges are reduced, SMU must use the refund to reimburse the aid accounts from which payments were made. Federal, state and institutional policies govern the attribution of the refund to appropriate sources.
2. Federal: SMU will distribute the federal portion of the refund, if any, to repay disbursements made from federal accounts in the following priority sequence: Federal Stafford Loan (unsubsidized), Federal Stafford Loan (subsidized), Federal PLUS, Federal Perkins Loan, Federal Pell Grant and Federal SEOG.
3. Institutions/Other: Any portion of the refund not attributed to federal Title IV programs will be returned to nonfederal funding sources in the following priority sequence: state grant, SMU gift aid, private gift aid, private loan and student/parent.
4. In no case will funds returned to a source exceed the disbursement for that payment period made from the source.

Please contact your personal tax adviser for further information.

LOANS

SMU and other investment partners offer your family several loan options featuring low-interest rates and long-term payments. Some loans are awarded on the basis of documented financial need and others on the basis of creditworthiness and income. All loans must be repaid; they are not gift assistance.

SMU FAMILY ASSISTANCE LOAN

*Made possible in part by the generous gifts of the
John and Sue Patrick Foundation Loan Fund and the Murray Case Sells Student Loan*

SMU's innovative loan program offers creditworthy families with documented income the opportunity to stabilize and control college costs. It features a low-interest rate with a fixed monthly payment and repayment of two years for every year that you may borrow, up to eight years. Parents and students must cosign the loan.

The University will lend up to \$10,000 per term with a maximum credit line of \$80,000. If families choose to reduce their loan request at any time, SMU will reduce the number of monthly payments accordingly. Interest charges accrue only on advances as they are made, and borrowers may prepay any part of the loan at any time without penalty. Refer to the following table for examples of monthly payments.

GUIDELINES FOR NEED-BASED AID

Under SMU's "shared investment" concept, we believe that the family unit – parents and student – has a primary responsibility to contribute toward educational expenses to the extent that it is reasonably able. In order to be considered for need-based assistance, the family unit must meet certain requirements, as set forth in the following SMU, state and federal guidelines.

SMU GUIDELINES FOR NEED-BASED AID

We consider undergraduate students to be dependent upon their families, and each family must supply financial data to be considered for SMU need-based aid.

For federal funding purposes, a student may qualify as independent or self-supporting if he or she meets one or more of the following criteria:

- The student is an orphan or ward of the court.
- The student is a U.S. military veteran.
- The student provides more than half of the financial support for a dependent other than a spouse.
- The student is married.
- The student turns 24 years of age before December 31 of the academic year for which aid is sought.
- The student was in foster care after age 13.
- Student was an emancipated minor by the court in the student's state of legal residence.
- Student was under legal guardianship as determined by a court in the student's state of legal residence.
- Student was an unaccompanied youth who was homeless.

The University reserves the right to alter from year to year the combination of gift funds and self-help (loan and work) included in need-based aid packages, based on the student's documented financial need, funding availability, policies of the Board of Trustees, and federal and state laws and regulations. In general, the amount of self-help will increase as a student advances toward graduation.

STATE AND FEDERAL GUIDELINES

To be eligible for federal or state financial assistance, a student must meet the following criteria:

- Be in good standing and make satisfactory progress in the selected course of study leading to a degree or certificate.
- Not be in default on any student loan nor have borrowed in excess of the loan limits.
- Not owe a refund on grants previously received from the federal government or the state of Texas.
- Be registered with the Selective Service, if required to do so.
- Be a U.S. citizen or eligible nonresident (for federal programs) and be a Texas resident as defined by Texas program regulations (for state programs).

Students selected for verification must submit requested documents that include prior-year tax returns. They should be submitted in a timely manner to be considered for available funds. Verification must be completed prior to disbursement of funds.

GRANTS

Grants are gift aid awarded on the basis of documented financial need. The partners who invest in your education include SMU, the federal government and the state of Texas (for legal residents as specified by the state program). If a student qualifies for need-based aid, SMU awards loans and employment opportunities, then gift aid. As a matter of SMU policy, the loan components of the aid package will increase as students progress toward graduation. Grant aid may or may not increase. FAFSA and CSS/Profile® must be filed by April 15 each year to receive SMU need-based grants for undergraduate students.

SMU NEED-BASED GRANT

Awards: Vary in number and amount.

Funding Partner: SMU.

Eligibility: Awarded on the basis of financial need demonstrated by the CSS/Profile® and FAFSA as part of an aid “package” after self-help and other gift aid are determined.

INTERNATIONAL MERIT SCHOLARSHIPS

INTERNATIONAL STUDENT AID

SMU offers a limited number of undergraduate merit scholarships to students who are citizens of foreign countries and who have outstanding academic records. Undergraduate international students who attended secondary school or college outside of the United States should complete the International Student Application.

By definition in INS regulations, international students may work only on campus while in the United States as a student. Maximum hours worked during full-time enrollment are 20 hours per week. Between periods of enrollment (summer, etc.), a student may work 40 hours per week.

Inquiries concerning financial assistance for graduate study should be sent to the graduate division of the SMU school in which the student hopes to enroll.

SMU SATISFACTORY PROGRESS POLICY FOR FEDERAL, STATE AND INSTITUTIONAL FINANCIAL AID ELIGIBILITY

The Higher Education Act of 1965, as amended October 6, 1983, mandates that institutions of higher education establish minimum standards of “satisfactory progress” for students receiving federal financial aid. The standards outlined below are also used for state and institutional funds.

SMU has a selective admission policy and strict academic standards for continued enrollment. If a student is admitted to SMU and allowed to continue enrollment, the student is considered to be making satisfactory progress toward the chosen degree for financial aid programs, provided the rate of degree-requirement credits is equal to or greater than the schedule below and the student maintains a 2.000 GPA or better by the end of the second academic year.

If the rate of undergraduate course completion at the end of any academic year of enrollment is less than that outlined below or the GPA is below the required minimum, the student must appeal to the financial aid counselor to determine if financial aid can be awarded. Awards will be made only if there are mitigating circumstances. The time limit for completion of a baccalaureate degree is six 12-month academic years.

Academic Years Completed	1	2	3	4	5	6
Percentage of Degree Credits Successfully Completed (%)	13	25	43	60	80	100

Graduate students are subject to the academic performance standards of their area of study. As long as students are allowed to continue in the degree program, they are considered to be making satisfactory academic progress.

RIGHT TO APPEAL

If a student is denied aid funds because that student is not deemed to be making satisfactory progress toward the degree goal according to the policy outlined above, that student will have the right to appeal to the SMU Financial Aid Appeals Committee of the Division of Enrollment Services.

For maximum utilization of financial aid resources, the University reserves the right to interchange the sources for all scholarships and grants. SMU policy limits maximum payments from SMU-funded scholarships, grants and benefits to a total of tuition and fees.
