COURSE DESCRIPTION AND PURPOSE:

Welcome to Counseling Methods: Individual! The goal of this course is to provide you with an overview of basic skills that are employed in a counseling setting. Students will be able to demonstrate basic counseling skills and techniques, as well as to apply a general knowledge base of interpersonal neurobiology. Evaluation will be based on several factors, including strengths and deficits in intrapersonal and interpersonal counseling skills as demonstrated in role-play and/or written assignments. Adjusting counseling for various individuals to reflect their diverse backgrounds, cultures, ages, etc. is emphasized, as well as students developing their own personal approach to individual counseling. Interpersonal development on the person of the counselor will also be focused on throughout this course.

COURSE LEARNING OBJECTIVES:

Learning Objectives	Measurable Outcomes
Demonstrate an ability to relate to individuals and their needs through the development of strong listening skills.	Students will demonstrate these skills during in class role plays and video-taped sessions.

Demonstrate an ability to explain the personal characteristics and process skills needed to be an effective counselor.	Students will exhibit these abilities through the listening tape assignment, the integrated role play video, and during class discussion and oral discourse.
Demonstrate flexibility in using several different counseling approaches.	Students will write a personal counseling style paper summarizing their personal characteristics and process skills.
Demonstrate an ability to explain how an individual's group membership, culture, and ethnic background influence an approach to individual counseling.	At the end of the course, students will defend orally in class their style of counseling, including strengths and weaknesses, and will also keep a journal to reflect process and growth.
Demonstrate an ability to conceive, generate, plan, conduct, terminate, and summarize an individual's counseling session.	Students will demonstrate their understanding of these concepts through oral discourse and role play.
Effectively assess oneself regarding areas of strength and areas for growth as a counselor.	Students will demonstrate an understanding of various counseling approaches on the final exam, as well as during role play and class discussion.

ADDITIONAL POLICIES

Grade of Incomplete

A student may receive a grade of I (Incomplete) if at least 50 percent of the course requirements have been completed with passing grades, but for some justifiable reason, acceptable to the instructor, the student has been unable to complete the full requirements of the course. At the time a grade of I is given, the instructor must stipulate in writing to the student and to the University registrar the requirements and completion date that are to be met and the grade that will be given if the requirements are not met by the completion date. The maximum period of time allowed to clear the Incomplete grade normally is 12 months. If the Incomplete grade is not cleared by the date set by the instructor or by the end of the 12-month Policies and Procedures 25 deadline, the grade of I will be changed to the grade provided by the instructor at the time the Incomplete grade was assigned or to a grade of F if no alternate grade was provided. The grade of I is not given in lieu of a grade of F or W, or other grade, each of which is prescribed for other specific circumstances.

If the student's work is incomplete, poor quality and not acceptable, a grade of F will be given. The grade of I does not authorize a student to attend the course during a later term. Graduation candidates must clear all Incomplete grades prior to the deadline in the Official University Calendar, which may allow less time than 12 months. Failure to do so can result in removal from the degree candidacy list and/or conversion of the grade of I to the grade indicated by the instructor at the time the grade of I was given.

For graduate students, a maximum of two (six hours) concurrently held grades of Incomplete in courses other than thesis is allowed. If this maximum is reached, the student will be allowed to take only one three-hour course per term until the Incomplete total is reduced. Students who accumulate a total of three grades of Incomplete in courses other than thesis will be put on probation and not allowed to enroll further until the total is reduced.

Academic Integrity

Students must adhere to the SMU Honor Code as described in the Student Handbook. Students in counselor training are dually responsible for abiding by all applicable ethical standards, as mandated by University policy and professional codes of ethics. Please review the University policies on the responsibilities, policies, and penalties regarding academic honesty found at http://www.smu.edu/studentlife/PCL_05_HC.asp. Ignorance of academic and/or professional ethical standards does not excuse ethical infractions. Unethical practices are determined by behavior, not by students' intentions. Any incidents of academic or clinical ethics infractions will be reported for investigation.

Unless otherwise specified in the syllabus, all course assignments and exams must be the student's original work, produced by the individual to whom the work is assigned. Working with partners or groups to complete any coursework is not allowed unless the coursework is specifically designated as group work.

Disability Accommodations: Students needing academic accommodations for a disability must first be registered with Disability Accommodations & Success Strategies (DASS) to verify the disability and to establish eligibility for accommodations. Students may call 214-768-1470 or visit <http://www.smu.edu/alec/dass> to begin the process. Once registered, students should then schedule an appointment with the professor to make appropriate arrangements.

Religious Observance: Religiously observant students wishing to be absent on holidays that require missing class should notify their professors in writing at the beginning of the semester, and should discuss with them, in advance, acceptable ways of making up any work missed because of the absence. (See University Policy No. 1.9.)

Excused Absences for University Extracurricular Activities: Students participating in an officially sanctioned, scheduled University extracurricular activity should be given the opportunity to make up class assignments or other graded assignments missed as a result of their participation. It is the responsibility of the student to make arrangements with the instructor prior to any missed scheduled examination or other missed assignment for making up the work. (University Undergraduate Catalogue)

Plagiarism Policy

Plagiarism is not tolerated and will result in an "F" grade for the class. Plagiarism is defined as the following:

To represent ideas or interpretations taken from another source as one's own is plagiarism. Plagiarism is a serious offense. The academic work of students must be their own. Students must give the author(s) credit for any source material used. To lift content directly from a source without giving credit is a flagrant act. To present a borrowed passage after having changed a few words, even if the source is cited, is also plagiarism.

Misrepresentation or falsification of logs, notes, treatment plans, or other material is not tolerated and will result in an "F" grade for the class. Please reference the SMU honor code.

Statement on Confidentiality and Emotional Safety: In order to provide a safe learning environment for students in the class and to protect the confidentiality of practice clients and class members, students will discuss case material and other's personal information, reactions, etc. only while in class or privately with other current class members. In addition, should a student recognize or know practice clients as shown in class, it is the student's responsibility to promptly inform the instructor so that appropriate arrangements can be made.

It is the responsibility of each class member to treat classmates with respect and integrity, thus providing emotional safety for each other during class activities. All students in the Counseling Department will demonstrate behavior that is consistent with the Ethical Standards forwarded by the APA and ACA in their code of ethics. Failure to do so can result in termination from the Department.

Emergency Preparedness: As part of the federal government response to the H1N1 (Swine Flu) virus, the Department of Health and Human Services issued a nationwide public health emergency preparedness declaration on April 26, 2009. The declaration was renewed on July 23, 2009 and is currently in force. For the semester ahead, there is concern that the level and intensity of flu cases could increase substantially.

- 1) For updates on the campus-wide status of flu conditions at SMU, please visit <http://www.smu.edu>.
- 2) If flu conditions require cancellation of a class session or other changes for this course, an email will be sent to all class members.
- 3) In the event of a major campus emergency at SMU, course requirements, deadlines, and grading percentages are subject to changes that may be necessitated by a revised semester calendar or other circumstances beyond the instructor's control.

Statement of Class Decorum: Please utilize silence or vibrate prompts on all cell phones or pagers during class to avoid disruption of others. Please do not engage in outside reading material (e.g., newspapers, books for other classes, etc.) or utilize laptops for non-class related purposes during active classroom instruction. Because arriving to class late and leaving class early is disruptive, please try to avoid this as much as possible. If a circumstance in your life necessitates last arrival or early dismissal, please attempt to make arrangements with the instructor prior to the onset of class. Professional respect and courtesy for your fellow students is expected at all times.

Statement on APA Guidelines: Students are expected to have a high degree of familiarity with the APA manual and its requirements. Plagiarism is plagiarism, whether intentional or unintentional. To avoid plagiarism, follow guidelines in the current edition of the *APA Publication Manual, 6th edition*.

APPENDIX A: RUBRIC GENERAL GRADED ACTIVITIES

Rubric for Skill Video Tapes:
